

## The Dave Willcocks Asbestos Victim Support Group - Asbestos Awareness Charity Event

Around 4,000 people die in the UK every year because of asbestos exposure, and the figure is expected to peak at nearly 5,000.

In response to this, The Dave Willcocks Asbestos Victim Support Group are hosting an Asbestos Awareness Training course on 24th November 2010 at the **Britannia Stadium Football Club**. Places will be charged at just £25.00 per person and places will be on a first come first served basis. *All monies will go directly to this charity.*

The Dave Willcocks Asbestos Victim Support Group was set up to assist all asbestos victims and families in the South Cheshire, Staffordshire and Stoke-on-Trent area. Patrons of the group will be available on the day to discuss the benefits and assistance provided to victims of asbestos and their carers.

The primary aim of this event is to raise awareness amongst tradesmen that they are more at risk than they think from asbestos. The campaign also aims to encourage tradesmen to find out more about asbestos and the precautions they should be taking.

It will also help you comply with the Control of Asbestos Regulations 2006 as legislation states that it is a legal requirement to provide asbestos awareness training "for all employees whose work could foreseeably expose them to asbestos" (Regulation 10 – Control of Asbestos Regulations 2006)

The course will be delivered by Environmental Essentials who are UKATA (United Kingdom Asbestos Training Association) and IATP (Independent Asbestos Training providers) registered members and all delegates who successfully pass the course will receive a Environmental Essentials Training certificate.

If you need any further information please contact Rosie Greer on 0845 4569953 or by email [rgreer@environmentalessentials.co.uk](mailto:rgreer@environmentalessentials.co.uk)

*(All additional donations will be gratefully received.)*
